interwar european fascism is inextricably associated with anti semitism and in particular the destructive racial ideology and policies of the nazis certainly as the period progressed anti semitism did become an increasingly integral ideological component for european fascist movements with italy and britain as distinctive examples of this phenomenon but the main fascist parties in both countries were founded with no anti jewish agenda before progressively incorporating anti semitism as official policy moving away from the standard nazi paradigm this book explores the factors behind fascism s adoption and use of anti semitism the varying forms that it took and the ways in which it evolved similarly the exploration of the jewish relationship with fascism has been dominated by german nazi and holocaust history yet jews undertook a far wider range of interactions with this political creed ranging from membership of fascist organizations to influential involvement in anti fascist movements through comparative examination of the jewish communities in interwar britain and italy this book unravels some of the complexities of jewish attitudes towards and experiences of fascism

an extremely detailed account and history of the italian jews during italy s 23 year history of fascism and involvement in world war ii there is simply no other book like this

analyzes the various stages by which the fascist regime passed from anti racialism to racial antisemitism on the german model by focusing on the impact of german italian relations on the evolution of the racial question in italy shows how fascist antisemitic policy was shaped by the necessities of the axis agreement from the beginning despite the fundamental conflicts of interest and the different positions toward racism examines direct and indirect german interference in italian policy as well as the reaction of italian jews to fascism based on unpublished records

this book investigates how fascism as an ideology and political praxis reconfigured the ideological political and moral landscape of interwar europe generating an atmosphere of extreme license that facilitated the leap into eliminationist violence it demonstrates how fascist ideology linked the prospect of violent cleansing to utopias of national racial regeneration thus encouraging and legitimizing targeted hatred against particular others it also shows how the diffusion and internationalization of fascism in the 1930s produced a sense of a revolutionary new beginning and created a transnational fascist new order in which nazi germany came to occupy a potent

position of authority the book analyzes how the eliminationist initiative and precedent of nazi germany became a second license that empowered fascist regimes across europe to embark on their own eliminationist projects with diminished accountability finally it examines how this license enhanced by the actions of fascists and the collapse of order caused by world war two released individuals and communities from the burden of legal and moral accountability turning them into accomplices in the most wide brutal and devastating genocidal campaign that the continent had ever experienced

examines all the works prose poems letters and radio broadcasts of ezra pound concerning his views on politics culture and morality contends that pound s antisemitism and fascism are inherent in his use of language and in his personality surveys the historical development of his hatred of the jews he described them as ugly evil a plague parasites and usurers the root cause of economic distress and cultural stagnation in his radio broadcasts from rome he even recommended their extermination or mass expulsion from the west his antisemitism exemplified the inner contradictions of his writings and disclosed the incoherence of his psyche and values rejects the common view of critics who look upon pound s antisemitism as innocent extraneous or marginal

following decades of brutal campaigns against left forces fascism in its nationalist and religious forms has been dominating turkish iranian and arab politics for over half a century at first with key enemies vanquished military generals assumed power and established some of the most terroristic totalitarian regimes in the 20th century it only followed that islamist organizations then hijacked democratic movements of dissent now in countries and territories where they have assumed state power islamist forces have surpassed all nationalist dictatorships for their utter disrespect of human lives today islamism subordinates peoples in the middle east bearing the urgency of our times saladdin bahozde problematizes all forms of fascist exclusionism in the region while drawing attention to anti fascist resistance and progressive alternatives there as a critique of identitarianism and right wing politics in the middle east and north africa the work calls for a global movement as endorsed by the peoples of the region to go beyond nationalism and islamism

tentative poignant and unforgettable the philadelphia inquirer these stories are filled with courage and tragedy spies and counterspies escape and destruction they are true spellbinding and sometimes almost unbelievable star tribune minneapolis a n excellent portrait of the trials and tribulations of five jewish families in italy under fascism at once the history of italians and of jews as well as a detailed and in depth description of their plight during the holocaust and how certain members of these families after the war were able to cope with their traumas shofar

this book explores the use of antisemitism by britain s interwar fascists and the ways in which the country s jews reacted to this examining the two alongside one another for the first time and locating both within the broader context of contemporary events in europe daniel tilles challenges existing conceptions of the antisemitism of britain s foremost fascist organisation the british union of fascists he demonstrates that it was a far more central aspect of the party s thought than has previously been assumed this in turn will be shown to be characteristic of the wider relationship between interwar european fascism and antisemitism a thus far relatively neglected issue in the burgeoning field of fascist studies tilles also argues that the buf s leader sir oswald mosley far from being a reluctant convert to the anti jewish cause or simply a cynical exploiter of it as much of the existing scholarship suggests was aware of the role antisemitism would play in his fascist doctrine from the start and remained in control of its subsequent development these findings are used to support the notion that contrary to prevailing perceptions jewish opposition to the buf played no part in provoking the fascists adoption of antisemitism britain s jews did nevertheless play a significant role in shaping british fascism s path of development and the wide ranging and effective anti fascist activity they pursued represents an important alternative narrative to the dominant image of jews as mere victims of fascism

jewish volunteers the international brigades and the spanish civil war discusses the participation of volunteers of jewish descent in the international brigades during the spanish civil war focusing particularly on the establishment of the naftali botwin company a jewish military unit that was created in the polish dombrowski brigade gerben zaagsma analyses the symbolic meaning of the participation of jewish volunteers and the botwin company both during and after the civil war he puts this participation in the broader context of jewish involvement in the left and jewish non jewish relations in the communist movement and beyond to this end the book

examines representations of jewish volunteers in the parisian yiddish press both communist and non communist in addition it analyses the various ways in which jewish volunteers and the botwin company have been commemorated after wwii tracing how discourses about jewish volunteers became decisively shaped by post holocaust debates on jewish responses to fascism and nazism and discusses claims that jewish volunteers can be seen as the first jews to resist hitler with arms
